At a time when many feel spiritually lost—struggling with purpose, low self-esteem, and inner emptiness—Zain Bin Khalid stepped forward with a mission: **to guide people back to their true purpose through the Quran.**

With 14 years of experience across the corporate and education sectors, both locally and internationally, Zain has helped individuals from all walks of life reconnect with meaning. At Qalb Institute, Zain isn't just a founder—he's a companion in your journey to live a life of purpose in this world and the next.

WHY YOU NEED TO FIND YOUR

Unique Purpose?

Let us take you on a deeper journey into yourself!

In the hyper-distractive world of today, the hardest and probably the most uncomfortable thing to do is to take a deep dive into yourself and connect with yourself on a deeper level. Stuck in the daily routine and living a reactionary life without knowing what you are pursuing in life creates a feeling of dissatisfaction and keeps you unfulfilled despite checking off the *to do list* daily.

ALIVE begins by taking a pause in your life, stepping back and looking at your life from an observer's point of view. While doing so, you realize that there is something higher than just getting education and a job, getting married, having kids and grand children and then it all ends. There must be something more to it. **Was all of this created so we could just follow the cycle? Why does it not feel right if it is? Why is there always a void inside?** What are we? What happens when we die? What is life after all? And what exactly is its purpose? – **the compass of guidance is within you. You activate it by taking a pause and becoming an observer of your life and life in general.**
